CASA LOS DOS

“CASA LOS DOS”

is the ideal place for a holiday in Andalusia. The Bed & Breakfast is located in the countryside of C6mpeta, an oasis of peace and a base for various activities in the area with breathtaking views of the Mediterranean. All this on a territory of 23000 m².

If you want to completely relax and enjoy an extensive breakfast on our terrace, you have come to the right place. The salt water pool also helps you with this. But also if you want to see a bit more of the area and undertake various sports activities, Casa Los Dos is the ideal place.

From here you can easily visit Malaga, Granada and even naked beaches in the neighbourhood.

Also is ou place clothing optional and during the months July and September our b&b is nudist men only.

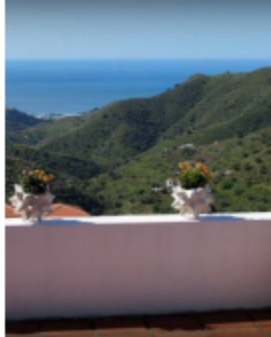

After an exhausting day outdoors, we try to occasionally spoil our guests with tapas creations during their relax at the pool.

WiFi is available throughout the B&B. Outside you will find several terraces with the “honesty” bar, an outdoor shower and swimming pool for refreshment. There are also several board games available.

We warmly welcome you to our bed & breakfast “Casa Los Dos”. For us, the place is a dream that we would like to share with you.

And where does the name “Los Dos” come from?

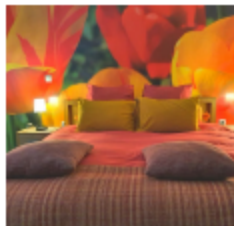

Both Ad and Erik were born on the 2nd, we got to know each other on the 2nd, we got married in the 2nd month and we both have the same history at the same times. The number 2 has thus become a basis for us.

Erik is originally from Belgium where he had design shops and Ad from the Netherlands, as a nurse specialized in diabetes. In 2005 we first came on holiday to Cómpeeta and it was immediately clear to us that our future would lie here. After having seen many houses over the years we have found our Casa.

Finally, in 2011 we decided to take up the challenge and moved to the Cómpeeta countryside to start a bed & breakfast.

We love the quiet and good life in Andalusia and hope our guests have a good time as we do here.
